## "Be A Trailblazer" Brick Fundraiser

We are asking for YOUR help to build our dream of the Elite Community Enhancement Facility. The classrooms and athletic fields/gym will be available for a variety of educational, recreational and cultural programs for all members of our community.

The front entrance will feature a brick walkway honoring those who have generously donated to this community project.

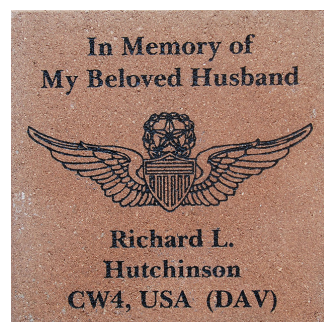

*You can help by purchasing a brick today. You may choose to have your name(s) on the brick, those of loved ones or promote your business. Add a graphic or your logo to your brick to make it a little more special.*
